

2011 CABERNET SAUVIGNON

The Fantesca 2011 Cab is a black ruby color with open ripe aromas of red cherries, red plums and currants. Toasty French oak sweetness complements the fruit component in a nicely layered, aromatic red wine. The flavors match the aromas in this very pure, clean expression of our Spring Mountain estate fruit. Tannins are moderate and restrained, yet provide nice structure, and add to the length and overall quality of the wine. Well-balanced and tasty, it will be easy to approach upon its release.

Heidi P. Barrett, Winemaker
